

# Caterham School Boarding - February 2010

Just waiting for the battle to commence.

Arctic expedition sets off.

Marie throwing sweets for a 'Candy Rush.'

## 2010- A Fairytale

## Beginning

The Snow man, guardian of the stairs.

The perfect scene to a 'Movie ending.'

Blades on, ready to skate.

**Snow welcomes the Boarders to a very cold 2010**

Dear Parents and Guardians,

The first half of the Spring Term is always associated with dark mornings, dark evenings and examinations for the Fifth Year and Upper Sixth. This year it is the cold weather that certainly has dominated things. Within two days of starting back the snow came and came again. As a result we had to close the School for two days in the first week. We arranged a programme of activities and revision classes for the boarders as well as having a massive snowball fight on Beeches Field and Captain van Niekerk's arctic expedition to View Point. The photographs are memories of those early days in January. Since then life has returned to some normality – examinations were eventually completed at the end of the month and there have been two trips as well as the usual coaching sessions in badminton and football. I am delighted to report that six of our Upper Sixth boarders were successful in gaining places to Oxford and Cambridge. This last week has seen a hive of activity with so many boarders taking part in the Talent Show, Musical Concerts and House Competitions. I hope that you all have an enjoyable Half Term with your families.

**Jim Seymour Senior Teacher and Head of Boarding**

The whole expedition poses.

Natural History museum ice skating.

New Head of Viney, Nick, with Kathryn and Stanley Mills.

Improvised snowboarding, super skilled.

Some are experts, and others are just learning.

Very cold and ready to hike back home.
