A-level results

This table is based on A-level, IB and Pre-U results supplied by the Independent Schools Council on August 24 and does not take account of grades revised since then. Not all ISC member schools submitted results.

Some members of the organisation, which represents over 1,200 private schools, choose to opt out. IB scores reflect subjects taken at higher level only, not at standard level or theory of knowledge/extended essay. IB scores at higher level have been converted by treating 7 as A* at A level and 6 as A in accordance with UCAS equivalences.

Pre-U scores have been converted by treating full course D1 and D2 as A* at A level and D3 and M1 as A. Schools submitting fewer than four pupils are not included.

GCSE results for ISC schools will be published in *The Times* next Saturday.

Girls

	Pupils	%A* grades	%A*,A grades
Oxford High Sch GDST, Oxfordshire	68	49.32	87.78
