

CATERHAM SCHOOL

24 May 2011

To Parents and Guardians of pupils in the Pre-Prep, Prep and Senior Schools

Dear Parents and Guardians

Parent course on Non-Verbal Intelligence

"I enjoyed your presentation enormously. That's very much the feeling of those who were in my group too. It was a hugely informative, practical, energising and motivating evening." Fourth Year parent last year.

Dear Parents and Guardians,

Over 100 parents have attended this year's highly popular parent training courses thus far. To complement the "Study Skills" and "De Bono's Six Thinking Hats" evenings we will once again be running an evening on "**Non-Verbal Intelligence**". The course will be led by Tracy Sinclair, a Pre-Prep parent and Director of NVI International. Tracy's company provides training in the use of non-verbal communication such as body language, voice tone and pitch to both the commercial and educational sectors. Teachers in the Senior School recently received instruction in some NVI techniques.

The evening will involve plenty of interaction and fun, and the skills learnt are highly applicable in educational, professional and personal contexts. You will learn ways in which to communicate even more effectively with your son or daughter!

The course will take place from **7.00 to 8.15pm** on **Wednesday 15 June** in the **Senior School Library**.

Please respond by e mail to the School Secretary, Mrs Allyson Aranha, allyson.aranha@caterhamschool.co.uk indicating the number of attendees, if you wish to attend.

Yours sincerely

Julian Thomas
Headmaster
