- Fifth Year homework totals 10 hours per week, with 1 hour per subject (English and English Literature each have 1 hour).
- Subjects preferring to set a 1 hour homework should set work over the course of both homeworks; e.g.: Option B Art may set homework as 1 hour on Monday but would not set a further task on Wednesday, so the homework could be spread over the two days if necessary.
- Subjects may be flexible with the hour, using 20 mins/40 mins instead of 30 mins for both.
- **As a rule, subjects should not expect a 24 hour turnaround unless it is a short prep such as vocab learning.**
