Caterham School Pupil is selected for England South West U16 Rugby Team

Sam Talbot, who is in the Fifth Year at Caterham School, has just found out that he has been selected for England South West U16 rugby squad. He will join the training camps in March and will play at the BMW Wellington International Festival in April in fixtures against Wales Celts, France East and Scotland.

This news comes on top of his recent successes at the Surrey Indoor Athletics Championships where he became Surrey U17 champion in both the long jump and 60m hurdles.

Daniel Richards, Caterham School Head of Rugby, said: 'Sam is an exceptional athlete and he also an outstanding rugby player who is in the Exeter Chiefs rugby academy. I am sure that he will do well in the training camp. He is modest about his achievements but he has real strength of character so hopefully he can follow up his athletics honours with an international rugby cap at U16 which would be a great achievement.'
