

Rob Davey and John Grimshaw (OC 1978 - 1985) visit Lerang'wa and meet with the school and village committees.

The second party of Caterham pupils consolidate the relationship between Caterham School and Lerang'wa School. The teacher accommodation, funded by Caterham School charity fundraising, is opened. Solar panels make Lerang'wa the first solar powered school in north Tanzania.

The group takes geometry sets to the school. Caterham funds improve the infrastructure of the school with the construction of toilets, kitchen, and store.

The villagers build a handwash station. Caterham donates textbooks and sports equipment. Our Second Year pupils give friendship bracelets to each pupil and pencil cases designed in our Prep School. The Sixth Form pupils organise Lerang'wa's first full sports day.

Sixth Form pupils continue to teach lessons to and run a sports day for Lerang'wa pupils.

'Lerang'wa Lunches' continue, impacting attendance and educational outcomes. Caterham gives new bags and bowls to each pupil.

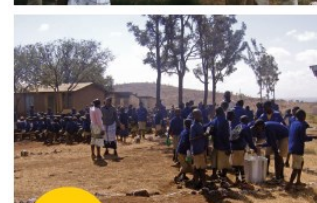

The first party of Caterham pupils visit the school and teach lessons. Work commences on the teacher accommodation.

The expedition takes bags for the pupils of Lerang'wa, each with a bowl and cup for breakfast and lunch. After two years of drought, food in the village had run short, despite WFP support at the school. Caterham School funded food aid at this critical time.

Lerang'wa village redirect and improve the water supply. Caterham fund the parts. The village create a seating area, and kit out the kitchen with pots to cook for 450. The chimney is improved, and new bags are given to pupils with a design from the finalist of a Caterham Prep School competition.

'Lerang'wa Lunches' begins with food provided by Caterham School. Murals are provided for the classrooms and exam kits are given to pupils.

'Lerang'wa Lunches' successfully continues alongside sports days and teaching art, music, sport, maths, and English.

The partnership continues to allow scores of young people both from Caterham School and Lerang'wa School to see beyond their own horizons, learn to trust, enjoy and form bonds that will influence their world view forever.

## Transformation

Investment in school infrastructure and food supply at the School.

Local suppliers are used, boosting the local economy and local livelihoods.

Children receive a nutritious meal at school - the most vulnerable children receive basic medicines.

Pupils health improves. Attendance rates improve. Pupils engage with primary education. Educational outcomes improve. Pupils remain in education, enrolment at secondary school increases.

Lerang'wa village supports the school and education. Local livelihoods improve. Government support for the school improves. Expertise and methods are disseminated.
